It supports voice and Bluetooth functions, is small and easy to carry, so it can be used in utilized to protect the elderly, children, pets and groups who need to work in complex environments, to establish a safe and reliable living environment.

Application

Personal Tracker | Pet Tracker | Senior Care | Device Tracking

Product Information

Model Name	HMB003
Dimension	57*40*16mm
Weight	45±2g
General Specification	
Waterproof	IP54
Battery (Rechargeable Battery)	760mAh
Power input	5V 500mA
Operating Temperature	0℃~ +40℃
Cellular Specification	
Frequency Bands	GSM: 850/900/1800/1900 MHz
Data Transfer (Max)	GSM (Kbps): 85.6(DL)/ 85.6(UL)
GNSS Specification	
GNSS	GPS only
GPS Sensitivity	-161dBm
GPS Accuracy	<2.5m CPE @ -130dBM
GPS Startup time	33 Seconds
System Information	
Software OS	Nucleas
Hardware Platform	MTK 2503D
RAM	4M Bytes
ROM	4M Bytes
IoT Platform	Thingstream
Others Specification	
Interfaces	Micro USB
Motion Detection	G-Sensor (Option)
SIM Card Type	Nano SIM
Bluetooth	BT 3.0
WIFI	Positioning (Option)
Key	One Key (Power & SOS)
Indicator	Power LED (Green & Red &Yellow three-colour LED)
Speaker	Yes
Micphone	Yes
Certification	
Certification (Option)	RoHS, REACH, CE
